About Spirit in the Desert Retreat Center:

Spirit in the Desert welcomes people of all faiths to experience the pure beauty of God's creation in the Sonoran Desert of Arizona. The sunsets are breathtaking and the sunrises are announced by the calls of the Cactus Wren and Gambel's Quail. The majestic Saguaro Cactus grow to 30 - 50 feet, weigh up to 9 tons and live for 150 - 200 years.

With an elevation of nearly 2,600 feet and surrounded by mountains and amazing desert landscape, the setting is perfect for reflection, discussion, discovery and growth.

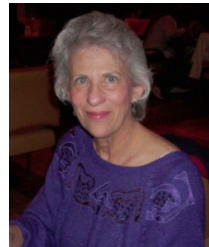

Spirit in the Desert is committed to providing quality and meaningful retreats and programs, opportunity for private retreats; and providing a safe and unbiased multi-faith environment for discovery and discourse. <http://www.spiritinthedesert.org>
